360 SERIES

15" Strobe Minibar Blaze® II SAE Class II

Among Nova's 15" Blaze® II low profile strobe minibar features is the advantage that it works with Nova's proven two-head power supply. Double or quad flash as well as high to low intensity light output can be user-selected at the time of installation or via a user-installed switch. All models use Nova's standard flash tube. Permanent mount installation is easy without removing dome.
